Re: *Ex Parte* Notification  
ET Docket No. 98-153 /  
Ultra-Wideband

Dear Ms. Salas:

This is to note that on January 30, 2001, on behalf of Time Domain Corporation Michal Freedhoff of Time Domain and I accompanied Michael Teems and Tim Magnani of the Applied Physics Laboratory of The Johns Hopkins University to a meeting with John Reed, Senior Engineer of the Technical Rules Branch of the Office of Engineering and Technology. The discussion focused on the manner of presentation that the Applied Physics Lab (APL) could use to provide useful information to the Commission in APL's analysis of data gathered during testing conducted by the Applied Research Laboratories: The University of Texas at Austin.

Should any questions arise concerning this matter, please contact me.

Respectfully,

*David E. Hilliard*
